

Affidavit of Publication

STATE OF UTAH. }
County of Salt Lake } ss.

BEFORE THE BOARD OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
in and for the STATE OF UTAH

AMENDED
ORDER TO SHOW CAUSE
NO. ACT. /015/030

IN THE MATTER OF THE APPROVAL OF THE NOTICE OF
INTENT AND RECLAMATION PLAN SUBMITTED BY
MINERALS RECOVERY CORPORATION, EMERY COUN-
TY, UTAH.

THE STATE OF UTAH TO ALL OPERATORS, TAKERS
OF PRODUCTION, MINERAL AND ROYALTY OWNERS,
AND PARTICULARLY ALL PERSONS INTERESTED IN 22
SOUTH, RANGE 10 EAST, SLBM, EMERY COUNTY, UTAH.

Notice is hereby given that tentative approval was given
by the Utah Division of Oil, Gas and Mining, on February 27,
1980, to Minerals Recovery Corporation, 575 Union Blvd. #304,
Lakewood, Colorado 80228, to commence underground mining
of uranium in portions of Section 35, Township 22 South, Range
10 East, Emery County, Utah. The name of the mine is the
Sinbad Mine, and the person representing the company in this
matter is Mr. Carl Lipp, Minerals Recovery Corporation, 575
Union Blvd. #304, Lakewood, Colorado 80228.

Minerals Recovery Corporation has fulfilled obligations
under the Mined Land Reclamation Act of 1975 (Section 40-8,
U.C.A., 1953, as amended), and will employ the following recla-
mation techniques on approximately 19 acres of leased
claims:

During Operations:

1. Mining will be conducted in a safe, orderly, and miner-
like fashion and in such a manner as to minimize visual
and environmental degradation.
2. Prior to the construction, available topsoil will be re-
moved and stockpiled for redistribution on disturbed sur-
face areas at the time of reclamation.
3. Mining will be underground room and pillar and open
stoping, and will disturb approximately 19 acres of surface
area for support facilities, including access roads.
4. Ore will be stockpiled at the mine site until it can be
trucked to the mill.

After Operations:

1. All extraneous debris, scrap metal and wood, and unu-
sable buildings will be removed from the site.
2. The mine portal and vent holes will be sealed to prevent
unauthorized entry.
3. The developmental waste rock stockpile will be recon-
toured to a stable slope and the surrounding area will be
contoured to prevent water ponding.
4. Stockpiled topsoil will be respread over the disturbed
surfaces to the extent possible and all areas will be scar-
ified, broadcast seeded with a diverse seed mixture, and
drag covered.
5. All disturbed areas will be monitored and reseeded if
necessary.

Reclamation performance surety will be established upon
final approval of the mining and reclamation plan.

Any person or agency aggrieved by this tentative decision
is hereby requested to submit written protest within 30 days of
March 6th, 1980, to the Division of Oil, Gas and Mining, 1588
West North Temple, Salt Lake City, Utah 84116, setting forth
factual reasons for his complaint, and thereafter at a time and
place heretofore established, appear before the Board of Oil,
Gas and Mining to show cause, if any there be, why this plan
should not be approved.

DATED this 28th day of February, 1980.

STATE OF UTAH
BOARD OF OIL, GAS AND MINING
Thalia R. Busby
Secretary to the Board
